Mr. Brady Johnson,

Dear Sir:

I had expected to hear from you by this time with some dates suggesting for the Eagles to play during there Training period. I suppose you are very busy in getting your League under way.

I am enclosing a letter from a Ball player which you might be able to use. I receive many of them and will turn them over to you, if the Boys are any where in your neighborhood. Please let me hear from you at once about any dates.

I would like to get the week-end of April 30th straightened out. If you are sure we cannot be in Richmond on April 30th, I would like to make Norfolk on the 30th and Portsmouth the next day, or any other towns in that vicinity that you would suggest. Please let me hear from you at once, as this booking should be arranged.

Very truly yours,
